

REMNANT'S REST

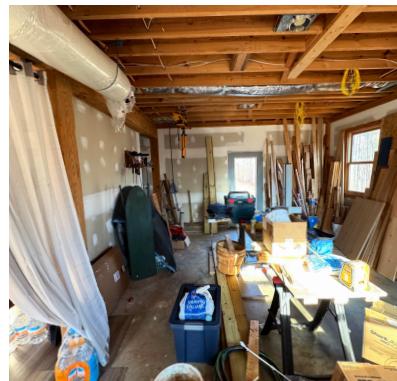

Over Thanksgiving the Forbes work team came and built a deck to transition from the “door to nowhere” to the garage. We still need to build a railing around the

deck and steps beside the ramp. When we bought the house, the “door to nowhere” exited the kitchen with a 4 foot drop to the ground below!

We are now turning our attention to the guest level area designated for the kitchenette. It has been a

useful space to store building supplies and power tools, but we now have a garage.

The space is directly under our bedroom. We will install lighting and sound proofing before we finish the ceiling. The space has a solid wall, a wall with an exterior door, and a wall of windows. We plan to install upper and lower cabinets, a compact refrigerator, stove and sink. We will paint the walls and install trim before we lay flooring. We have \$8,000 designated for the completion of the kitchenette area. I will need to get creative finding supplies – a skill I have honed well through the years!

Mark 1:35
Jesus got up, left the house and went off to a solitary place, where he prayed.

When the kitchenette is done the guest level will be complete with two bedrooms, a bathroom, sitting room and kitchenette. Please pray for more ministers to take advantage of our resources!

Pray for Remnant's Rest

I am meeting with a new team for my knee and weight issues. It will take time for this to provide results or a path forward for my knee.

Pray with us that we will be able to bring in more ministers to Remnant's rest.

We thank God for each one of you, your prayers and your support as we complete the guest area of our home and welcome ministers for a time of renewal and refreshing.
