

O Lord, Send Us To The World!

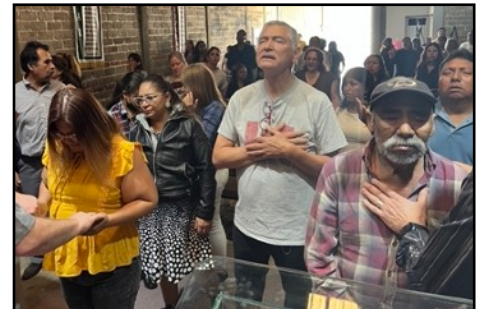

March 2024

Dear Friends,

THERE IS FIRE IN MEXICO!!!! We love going to Mexico because the people expect God to show up and He always does!!! We had an amazing week in Guadalajara and in Puerto Vallarta. No matter what the setting was, God met His people in power and FIRE!! He is so faithful to come when we ask Him to because He is ALREADY THERE!!!! He LOVES to touch His people.

This year was a little different because we didn't take a team, so it was just a Josh and Tobi team, plus our missionaries and their Mexican teams who stepped up to minister. Andy and Karyn Pricer were our hosts as usual and they did a great job setting up our itinerary. On Saturday we met with FI missionaries Melqui and Fatima Gutierrez. They have just been through a major personal transition and are seeing the Lord meet so many personal needs as they walk in obedience to Him. God is so faithful!!!!

Sunday morning, we were at Jorge Gutierrez's church. God always meets us in power there and this time was no different. Tobi had the honor of singing with Karyn Pricer as she led worship with her amazing FIRE band. Josh preached a Holy Ghost word "Jesus Personal Testimony - The Spirit of the Lord is Upon Me", and then it was ON!!! People received a refreshing FIRE, healing, deliverance, and a touch from the Lord on so many different levels. It was so good!!

Sunday night we met with a number of Andy and Karyn's leaders that they are discipling and raising up. Josh had a word to share with them and then we prayed over each one. Small groups may not have the intensity, but each person received something deep and personal that night. It was such an honor to speak into these young leader's lives.

Monday and Tuesday were School of the Supernatural meetings. Monday Tobi taught on "Identity" and Josh taught on "When God Doesn't Make Sense, Obey the Holy Spirit", which led to "Living Naturally in the Supernatural". Eyes were opened to have

faith to live supernaturally! Each person had the opportunity to hear from the Lord what lies were they believing about their identity and then receive the Truth of God to replace that lie.

Tuesday, Josh taught on The Baptism of the Holy Spirit and Why Speaking in Tongues is so valuable to our relationship with God. Tobi finished with "Let the FIRE Fall."

The Lord challenged each student personally to go deeper and to allow the Lord to purify their sacrifice upon the altar. Then we finished with a FIRE Tunnel!!!! Also, a great way to end class!!!

On Wednesday we started out on a new adventure. Our friend and translator, Leo, has moved to Puerto Vallarta. He set up a FIRE night for us on that Wednesday night. The Pricer's and we took a 30-minute flight to get there. Friends put us up in their Airbnb for just the cleaning fee!! It was "A Night of FIRE"! We weren't sure how worship was going to go, since the set up wasn't that great, but God came anyway. Josh had struggled for days to know what He was supposed to preach and still didn't know as we drove to the church. But GOD came through!!!! He preached a powerful word, telling lots of personal testimonies. Then we had a FIRE tunnel so everyone could receive prayer. Again, several instant healings and everyone was touched in a powerful way. Several leaders and Pastors traveled for hours to receive fresh FIRE from heaven, and boy did they!!

We had hoped that Thursday would be a restful day at the PV beach, but that didn't happen!! We met with Brandon Chase for breakfast. (Brandon and his wife, Pilar, are FIRE Grads and they are in the process of moving down to PV). Then there were other people who wanted to meet with us as well. It was a great day, even if we didn't make it to the beach!! LOL!! Those God interruptions are always important to allow into our lives.

Thank you for your prayers for our trip. It went so well, and we know it was because you were praying for us!!!! We couldn't do what we do without you!!!! We hope you enjoy the pictures.

Love in Jesus,

Josh + Tobi
