

Treasure House

February 2022

Dear Friends, we hope you had a warm, cozy Christmas and a joyful New Year! I am personally looking forward to what's in store for 2022; it surely shall contain some wonderful adventures for us all.

We at Treasure House are excited to inform you that we are in the new house! First payment of \$100k was paid on the first of December with second payment of \$140k due in June. So, you haven't missed out on the opportunity to get in on this blessing! We are so very thankful for all of you faithful givers and know that our Lord Jesus will bless you mightily!

Featured this month is, once again, Feliz. Feliz chose to move into another orphanage in hopes of being reunited with her sister. These hopes have been dashed however and she's now petitioning her social worker to return to us. But the day Feliz arrived in her new home, unbeknownst to her, there was a young lady there who had, just that morning, begun to cry out to God. This troubled youth (who we'll call Ana) had never done such a thing, but was desperate for help. Our precious, merciful Lord put Feliz directly in Ana's path. Now, when Feliz first came to us in 2018 she did not share our faith, in fact she was quite belligerent against Christianity, but with love, patience, and prayer she slowly saw the light. So, when she faced the distraught Ana she began to share her faith, and it wasn't long until this little Super Hero brought the light of Jesus to Ana who then accepted the Lord into her heart! Ana, because of the cry of her heart, is now miraculously living in a nearby Christian orphanage and learning how to walk with Jesus.

We want you, our readers, our supporters, and prayer warriors to take note of this story. This is what Treasure House is all about; traumatized little girls encountering the love of Jesus so that each and everyone who crosses our door step has the chance to become whole so they too can make a positive influence on those around them. Please consider supporting us in our endeavors today!

In Mexico the Foster Care program runs a little differently than in the U.S. Usually when one becomes a foster parent it is because he or she is planning on adopting that particular child or children. While we were caring for these three little ones some good Mexican friends of mine fell in love with them too. They had lost their own sweet baby girl from a heart defect before she even turned a year old and didn't know if they'd ever be able to have more, but God is merciful! The couple obtained their Foster Care certificate, were awarded these precious siblings with plans to adopt them and then, just a month later, gave birth to a very healthy baby boy! In this very short time they went from zero to four, but the entire family is flourishing! We at Treasure House miss them terribly, but do get a visit from them from time to time. Can't say how much I seriously love what I am doing!

Prayer Requests:
*Still praying for the safe return of our 4 precious ones - we are finally seeing some positive movement!

*Godly wisdom for me and all the Treasure House caregivers. *Property Financing - The first payment of \$100k was paid on time on December 1! The second and final payment of \$140k is due in June 2022. Believing for this to arrive as miraculously as the first!

Blessings, Karen J David
