Hello Dear family and friends,

I hope you have found a good start in this new year, 2026. We have one day at a time and I pray you will grow, prosper and gain insight as you find peace and joy in new opportunities and successes. May God continue to bless you as you follow His ways. I love you and are so thankful for your love, prayers and support. Blessings and love,

Alice, Gloria & Johansen

Please enjoy the many faces of the dear people I have seen in the States and here in Tanzania.

I do have an urgent need. So many of you have been supporting me for the past 23 years and I am so very grateful.

At this time, I am needing additional funding for the discipleship and mentoring ministry that I am doing here in Moshi.

The Lord keeps bringing more people that need so much help. There are times when I am helping them with food, or eye glasses or even a bed to sleep on. I do desire to make them feel special and I am not careless in my spending. I am held accountable for every expense.

I am asking for an additional \$300.00 per month. All contributions are tax deductible. When giving to FI on my behalf, you will receive statements for your giving. You may use www.fire-international.org to go directly to the FI web page, go to Africa and find my name; your credit card gift will be received and credited to my FI account. Please be sure to define "Discipleship" I am so thankful for any amount!

It was so wonderful to have so many opportunities to meet with family and friends, to stay in the most comforting homes and spend time with those whom I hadn't seen in many, many years. If your face is not on this page it is still in my heart. I am forever grateful to the Lord and I am blessed!
