BRIAN & STEPHANIE FORBES

DECEMBER 2023

**Merry
Christmas
&
Happy
New Year!**

This year marks year 4 of living in our new ministry location, here in western North Carolina!

It had gone from an incomplete foreclosure property to a now-useful ministry facility.

I'm not saying it is fully finished. There is still work to be done on our main floor's kitchen and bathroom.

On the ministry level the foyer, kitchenette, and social areas still needs completed.

Even with some areas not finished we are averaging two stays per month by missionaries or ministry leaders.

We are so excited to be serving those who serve others at "The Workshop" here in western North Carolina!
