# Family Talk: AN APOSTOLIC FAMILY

### "Our future is found in our beginning."

#### Gateway has been called an "Apostolic Church." What does that mean?

### What is Apostolic? What is an Apostle? What is an Apostolic Family?

Christianity prospers and thrives mainly through the power of the personal influence of the people who live according to the scriptures and the Kingdom of God. Do these 400 adherents to the Christian religion reflect what Jesus had in mind when he said, "Go therefore and make disciples of all nations"?

## Matthew 9:35-37, 10:1, 7-8

What we are building is an "Apostolic Leadership Culture" where the measure of success is not lodged in any individual apostle, or person with a title, but in developing and releasing an apostolic people towards effective and sustainable transformation.

### God wants to use your life in this great awakening.

If Jesus made his first apostles and their ministries foundational for releasing heaven on earth, who are we not to follow this model? Understanding the nature of apostolic leadership is a major step towards creating a transformational environment and culture. As a Gateway of hope, we are building a healthy, empowered family, supernaturally experiencing and sharing the Presence of God with our region and beyond.

# Family Talk: AN APOSTOLIC FAMILY

"If we abandon the concept of FAMILY, we have abandoned the concept of the KINGDOM."

### I see a group of people giving God 100% in the midst of many options.

Healing - safety & restoration of Identity
Equipping - trained in heaven's values to engage a damaged world with power & love.
Mobilizing - being a part of a community that unites together around a common cause, serving one another and being released inside & outside the church.
