Greetings, young friends! My name is Apollos, and I have an amazing story to share with you!

I come from a big, exciting city called Alexandria in Egypt. You know what's super cool about my city? We had the most ENORMOUS library in the whole world! It had hundreds of thousands of scrolls and books. I spent lots of time there learning about God and studying the Scriptures. That's how I became really good at teaching about Jesus!

But here's the funny thing - even though I knew a lot about God, I didn't know EVERYTHING yet. When I first started preaching, I only knew about John the Baptist's baptism. I was like a student who knew half the math problems but not all of them!

Then something wonderful happened! I met two amazing friends named Aquila and Priscilla. They were tentmakers (that's like being craft workers who make camping gear!). They heard me teaching in the synagogue and thought, "This young man has great potential, but we can help him learn even more!" So they invited me to their home and taught me more perfectly about Jesus. It was like getting the missing pieces of a puzzle!

Here are some cool facts about me:

- I was known for being "mighty in the scriptures" - that means I really knew God's Word well!
- I was "fervent in spirit" - I got REALLY excited when I talked about Jesus!
- People said I was eloquent, which means I was good with words (kind of like being a great storyteller!)
- I helped believers so much that some people started saying "I follow Apollos!" (though Paul had to remind everyone we're all on the same team!)

The best part of my story is that I never stopped learning! Even when I thought I knew a lot, God sent teachers to help me grow. And then I got to help other people learn about Jesus too. It's like a wonderful chain of learning and sharing!

Remember, kids: God can use you to teach others, just like He used me. But always stay humble and keep learning, because there's always more to discover about our amazing God!
