

3) Do you sense God's conviction to minister in some way more vigorously? If so, in what specific areas? What might keep you from being a more joyful steward of the gifts God has given you?

4) Paul endeavored to serve and honor God with all his might. At the same time, he knew the effective "striving," or work with eternal results, was being done by God through him (v. 29). When have you seen this principle most vividly at work in your own life?

LIVE

- As you work through the previous list, you likely see a lot of repeated names. Prayerfully consider joining one of these ministry teams, or ask a Leadership Team member about a ministry not mentioned above. Better still, ask a member of your Life Group to join you in a formal or informal ministry. Remember, this doesn't have to be a full-time or even long-term ministry; our goal is to create a culture of discipleship within our church and community.

- We also praise the Lord for those who are actively engaging our church and community with the gospel behind-the-scenes. What is one way you can serve someone in our church or community this week, even if no one else hears about it? Who might be able to join you in this worthy discipleship endeavor?
