

## Reflecting on Acts 16 | September 4, 2022

### Study and Discussion Questions

*Note: The following summary and discussion questions are adapted from Tony Merida's commentary on Acts.*

**Summary:** In the first part of Paul's second missionary journey, the gospel advances to Philippi, and a new church is established as Jesus's power is displayed in various ways.

1. What "missions" lesson do we learn from Paul's decision to have Timothy circumcised?
2. What can we glean about God's guidance from Paul's journey to Philippi?
3. Compare and contrast the spiritual transformations of Lydia and the slave girl. What makes the conversion of Lydia particularly encouraging?

7. How does Paul display a love for the church in this chapter? Take a few moments to pray for those trying to engage the lost and plant new churches around the world.
