**WHAT IN THE WORLD
IS GOING ON?**

3 Things Not to be Unaware Of

There are 3 things that God says He does not want us to be ignorant (unaware) of:

1. His working with the Nation of Israel - (Romans 11)
2. Spiritual Gifts - (1 Corinthians 12)
3. His Second Coming (which means Last Days, for that is when He comes, in the Last Days of earth) - (1 Thessalonians 4)

- *Romans 11:25–26 (NKJV)* ⁵ For I do not desire, brethren, **that you should be ignorant** of this mystery, lest you should be wise in your own opinion, that blindness in part has happened to Israel until the fullness of the Gentiles has come in. ²⁶ **And so all Israel** will be saved, as it is written: “The Deliverer will come out of Zion, And He will turn away ungodliness from Jacob;
- *1 Corinthians 12:1 (NKJV)* ¹ Now concerning spiritual gifts, brethren, **I do not want you to be ignorant:**
- *1 Thessalonians 4:13–18 (NKJV)* ¹³ **But I do not want you to be ignorant**, brethren, concerning those who have fallen asleep, lest you sorrow as others who have no hope. ¹⁴ For if we believe that Jesus died and rose again, even so God will bring with Him those who sleep in Jesus. ¹⁵ For this we say to you by the word of the Lord, **that we who are alive and remain until the coming of the Lord** will by no means precede those who are asleep. ¹⁶ For the Lord Himself will descend from heaven with a shout, with the voice of an archangel, and with the trumpet of God. And the dead in Christ will rise first. ¹⁷ Then we who are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air. And thus we shall always be with the Lord. ¹⁸ Therefore comfort one another with these words.

Peace – Comfort one another that Jesus is Coming for His Bride.

1 Thessalonians 4:16–18 (NKJV) ¹⁶ For the Lord Himself will descend from heaven with a shout, with the voice of an archangel, and with the trumpet of God. And the dead in Christ will rise first. ¹⁷ Then we who are alive *and* remain shall be caught up together with them in the clouds to meet the Lord in the air. And thus we shall always be with the Lord. ¹⁸ **Therefore comfort one another with these words.**

(Revelation 3:10 NKJV) "Because you have kept My command to persevere, **I also will keep you from the hour of trial** which shall come upon the whole world, to test those who dwell on the earth.

Priority – What is really important based on all these things?

Matthew 6:33 (NKJV) ³³ **But seek first the kingdom of God** and His righteousness, and all these things shall be added to you.

Purity – How then should we live based on these things.

1 John 3:2–3 (NKJV) ² Beloved, now we are children of God; and it has not yet been revealed what we shall be, but we know that when He is revealed, we shall be like Him, for we shall see Him as He is. ³ **And everyone who has this hope in Him purifies himself, just as He is pure.**

Proof – That this Bible is Inspired.

2 Timothy 3:16–17 (NKJV) ¹⁶ **All Scripture is given by inspiration of God**, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness, ¹⁷ that the man of God may be complete, thoroughly equipped for every good work.

Preach – Tell the world the Good News – They need to hear it!

John 3:16–17 (NKJV) ¹⁶ For God so loved the world that He gave His only begotten Son, that whoever believes in Him should not perish but have everlasting life. ¹⁷ For God did not send His Son into the world to condemn the world, but that the world through Him **might be saved.**

Purpose of Prophecy

1 Chronicles 12:32 (NKJV)

Ezekiel 3:17 (NKJV)

E.U. Moves Closer to a Joint Military Force

BRUSSELS – The European Union took an important step on Monday toward a collective defense response, as 12 of the 28 member countries signed on to a program of joint military investment in equipment, research and development.

The intention is to jointly develop European military abilities and to make them available for operations separately or in cooperation with NATO. The effort also aims to reduce the fragmentation of European military spending and to promote cross-border projects to reduce duplication and waste.

WHAT HAPPENS WHEN MACHINES BECOME THE MAJORITY ON THE INTERNET?

< > ↗ 📌 📧

For decades, the internet was fundamentally a human creation. Every website, every comment, every search, every purchase, and every viral trend ultimately traced back to a real person sitting behind a keyboard. That reality has now changed.

According to Cloudflare, one of the largest internet infrastructure companies in the world, automated bot traffic has officially surpassed human traffic online. More than 57 percent of requests hitting the websites it monitors now come from bots, AI agents, and automated systems, while less than 43 percent come from actual people.

That milestone may sound like a technical curiosity reserved for programmers and network engineers. In reality, it could represent one of the most significant transformations in the history of the internet—and one that will eventually affect everyone.

For years, discussions about artificial intelligence focused primarily on what AI could create. Could it write articles? Generate images? Produce

Report: US Plans Major Reduction of Aircraft, Warships to NATO

By Newsmax Wires • June 12, 2026

The Trump administration plans to significantly reduce U.S. military assets, including aircraft and warships, assigned to NATO operations in Europe. Key cuts include fewer fighter jets, maritime reconnaissance planes, aerial refueling tankers, and the reassignment of a missile-launching submarine, an aircraft carrier, and a bomber group. While the U.S. will retain a large military presence in Europe, the reductions reflect a broader effort to shift resources to the Indo-Pacific region and push NATO allies to increase their own defense spending. The move raises concerns about NATO's long-term deterrence and readiness.

Cocoon AI Summary

The Trump administration plans to significantly reduce the number of U.S. aircraft and warships assigned to NATO operations in Europe, according to two senior European officials familiar with the decision.

Flesh-eating New World screwworm detected in Texas calf, USDA says, signaling major threat to food production

By Jen Christensen, CNN

The dragon gave him his power, his throne, and great authority. ³ And I saw one of his heads as if it had been mortally wounded, and his deadly wound was healed. And all the world marveled and followed the beast. ⁴ So they worshiped the dragon who gave authority to the beast; and they worshiped the beast, saying, "Who is like the beast? Who is able to make war with him?" ⁵ And he was given a mouth speaking great things and blasphemies, and he was given authority to continue for forty-two months. ⁶ Then he opened his mouth in blasphemy against God, to blaspheme His name, His tabernacle, and those who dwell in heaven. ⁷ It was granted to him to make war with the saints and to overcome them. And authority was given him over every tribe, tongue, and nation. ⁸ All who dwell on the earth will worship him, whose names have not been written in the Book of Life of the Lamb slain from the foundation of the world.

Revelation 13:11–17 (NKJV)

¹¹ Then I saw another beast coming up out of the earth, and he had two horns like a lamb and spoke like a dragon. ¹² And he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast, whose deadly wound was healed. ¹³ He performs great signs, so that he even makes fire come down from heaven on the earth in the sight of men. ¹⁴ And he deceives those who dwell on the earth—by those signs which he was granted to do in the sight of the beast, telling those who dwell on the earth to make an image to the beast who was wounded by the sword and lived. ¹⁵ He was granted power to give breath to the image of the beast, that the image of the beast should both speak and cause as many as would not worship the image of the beast to be killed. ¹⁶ He causes all, both small and great, rich and poor, free and slave, to receive a mark on their right hand or on their foreheads, ¹⁷ and that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name.

Revelation 17:1–6 (NKJV)

¹ Then one of the seven angels who had the seven bowls came and talked with me, saying to me, "Come, I will show you the judgment of the great harlot who sits on many waters, ² with whom the kings of the earth committed fornication, and the inhabitants of the earth were made drunk with the wine of her fornication." ³ So he carried me away in the Spirit into the wilderness. And I saw a woman sitting on a scarlet beast which was full of names of blasphemy, having seven heads and ten horns. ⁴ The woman was arrayed in purple and scarlet, and adorned with gold and precious stones and pearls, having in her hand a golden cup full of abominations and the filthiness of her fornication. ⁵ And on her forehead a name was written: MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND OF THE ABOMINATIONS OF THE EARTH ⁶ I saw the woman, drunk with the blood of the saints and with the blood of the martyrs of Jesus. And when I saw her, I marveled with great amazement.

A couple in Brazil have become the first parents in the country to be criminally convicted for homeschooling their children, sentenced to 50 days in prison after a judge ruled their curriculum failed to include state-approved content on gender, sexuality and cultural diversity.

Audato and Ieda Denardi were convicted of “intellectual neglect” by a lower court in São Paulo in April, according to the Christian legal advocacy group [ADF International](#) that is supporting the family’s appeal.

FAITH + FREEDOM

The Chinese Communist Party has once again demonstrated its hostility toward religious freedom by raiding a Protestant house church during Sunday worship services. Authorities detained two church leaders along with dozens of congregation members, including children, in what marks another disturbing chapter in the regime's war against Christianity.

The raid targeted an influential Protestant house church, one of many unregistered congregations that operate outside the government's tightly controlled religious framework. These independent churches refuse to submit to the state-sanctioned Three-Self Patriotic Movement, which requires Christian teachings to align with Communist Party ideology.

For American Christians who value religious liberty as a foundational freedom, this crackdown serves as a sobering reminder of what happens when governments seek to control faith. The detention of children alongside their pastors and parents reveals the totalitarian nature of the Chinese regime, which sees even the youngest believers as threats to its authority.

House church members have been practicing their faith for decades as faithful Christians who follow God according to their conscience rather than

Again, they leaned into it. Big time. *Alllllllll* the way in ...

Except for one suspicious social media post before the game. The team announced its starting lineup via Twitter (X), and the attached graphic *didn't* include an actual player for one of the only times this season.

Gallup Poll: Same-Sex Marriage Support Flattens

Acceptance of same-sex marriage and relationships in the U.S. has flattened after more than two decades of steadily increasing support, with an ongoing decline among Republicans, according to a new Gallup poll.

About 65% of U.S. adults believe same-sex marriage should be legal, down slightly from 71% in 2022 and 2023.

Most of the change is due to dropping acceptance among Republicans. In the new survey, which was conducted in May, only 37% of Republicans say same-sex marriage should be legally valid, while 35% say gay and lesbian relations are “morally acceptable.”

During the 2026 war, Israel struck multiple Iranian spacewar related facilities, including facilities working on developing capabilities to attack satellites in space.

Defense Minister [Israel Katz](#) on Thursday committed Israel to becoming the leading global player in space-attack capabilities.

“One of the central goals which the prime minister [Benjamin Netanyahu] and I set is that we are recruiting the best minds,” since “as of today, no country has the ability to mount attacks in space. We must be the leading country in the world with this capability,” said Katz.

The defense minister continued, “If we achieve this, it will ensure the advantage of deterrence, of the ability to attack, destroy, and all of the other matters versus our enemies with large resources.”

Overall, it seemed clear that Katz was referring to Iran.

This is especially true since, during the 2026 war with Iran, Israel struck multiple [Iranian](#) spacewar-related facilities, including those working on developing capabilities to attack satellites in space.

Project 09852 'Belgorod' Special Mission Submarine

Flag of Russian Navy

KC-139 Belgorod (KS-139 "Белгород") is an OSCAR-II cruise missile submarine which has been extensively modified to launch the new Poseidon (NATO: KANYON) strategic nuclear torpedo weapon.

Additionally, it will serve as a Special Missions host submarine. It will be crewed by the Russian Navy but operated under GUGI, the secretive *Main Directorate Deep Sea Research* organization. In order to conduct covert special missions, it will carry a deep-diving midget submarine.

2M39 Poseidon (NATO: KANYON) Intercontinental Nuclear-Powered Nuclear-Armed Autonomous Torpedo

Belgorod will carry six 2M39 Poseidon (Посейдон) weapons, previously known in the West as 'Status-6'. These may target naval bases and coastal cities and, based on Russian MoD releases, also Carrier Battle Groups (CBGs).

Poseidon is the largest torpedo ever developed in any country. It is approximately twice the size of submarine launched ballistic missiles (SLBMs) and thirty times the size of a regular 'heavyweight' torpedo.

6 x Poseidon launch tubes mounted under the casing but external to the occupied pressure hull. The exact arrangement has yet to be confirmed

UGST-M Heavyweight torpedo

Sonar dome

Retractable diving planes

The inner hull is based on the OSCAR-II Class cruise missile submarine. We can only speculate at the internal arrangement, but we can deduce that there will be four decks (5 levels)

Surface search radar

'Kora' communication mast

Communication buoy as per BOREI Class

Klavesin2P-PM AUV

Belgorod can carry the Klavesin (Клавесин-2P-PM *Harpisichord*) family of Autonomous Underwater Vehicles (AUV). These probably carry side-scan sonar and other sensors and can operate down to about 2,000m (6,000ft)

Hull insert. Approximately 20 m (65 ft) long

Hangar

Access trunk

Pr.18270 Bester DSRV

A single Deep-Submergence Rescue Vehicle (DSRV) can be carried on a cradle and connected by an access trunk.

Shelf (ШЕЛЬФ) ATGU

The ATGU (Automated installation of the nuclear turbine generator) will be used to power underwater sensor network known as HARMONY

Carried on back in place of DSRV. Lifted into place by the Deep-Diving midget submarine

Access hatch

Remodeled upper rudder

Towed sonar array

Twin screws

Enlarged lower rudders (two)

Extra thrusters to allow 'hovering'

Water scoops for cooling

Communications array (Tbc)

Two nuclear reactors. Likely OK-650V pressurized water reactors (PWR)

Losharik Midget Submarine

The Project 10831 submarine is known as Losharik (Лосарик), after a cartoon horse made of balls strung together. This is in reference to its spherical internal hulls.

On July 1st 2019 the submarine suffered a serious fire while operating from another host submarine, BS-64 Podmoskovye. 14 hydronauts died. The submarine is expected to return to service.

PALTUS Midget Submarine

The Project 18511 midget submarine is older and smaller than Losharik but can perform similar tasks.

AGS Deep-Diving Midget Submarines

The Belgorod will carry a nuclear-powered Deep Submergence midget sub, termed a deep nuclear station (AGS in Russian). They are operated by the Russian Navy for the Main Directorate of Deep-Sea Research (GUGI) and crewed by elite 'hydronauts'.

These submarines dock with the underside of Belgorod and are used to place the ATGU and other payloads on to the sea floor down to about 1,000m (3,000ft). The 70m long 'Losharik' can be carried, or the 55m long PALTUS

(CNN) — Top Democrats insist that they're unfazed by the party's forming a "Zohran Mamdani wing," after the New York City mayor's stunningly successful primary night.

But there is growing angst among many sitting congressional Democrats after Mamdani allies won three primaries, including defeats of incumbent Reps. Adriano Espaillat and Dan Goldman. And, most immediately, they worry it will make it tougher to flip the House this year, with

Continuing his remarks about the US agreement with Iran at the G7 summit, US President Donald Trump claims he "never cared about regime change" as a goal in the US-Israeli campaign against Tehran, while reiterating his belief that the elimination of so many senior officials in the Islamic Republic effectively amounts to regime change.

"You talk about regime change. I never cared about regime change. It [was] never a part. But I guess you have regime change because you know better than anybody, the first group, they're all dead. The second group, they're dead. A part of the third group is gone," he says, referring to echelons of the Iranian leadership.

"And we're dealing with people that I think are very rational people. They were nice to deal with. They were strong people, smart people. I think actually they're smarter than the first and second group, but they're not

10.) Where's America

1 The United States of America and the Islamic Republic of Iran and their allies in the current war are signing this MOU to declare the immediate and permanent termination of military operations on all fronts, including in Lebanon, and undertake from now on not to initiate any war or any military operation against each other, and to refrain from the threat or use of force against each other, and ensuring the territorial integrity and sovereignty of Lebanon. The final deal will confirm the permanent termination of the war on all fronts, including in Lebanon and other provisions of this paragraph.

While this first point mentions “their allies,” it does not explicitly mention Israel or Hezbollah. That is important since even though the US government launched the war on Iran in tandem with Israel, Israel’s military action in Lebanon against Hezbollah has complicated efforts to reach this peace deal, so the Jewish state’s cooperation — or desire to be a spoiler — will be a key factor.

Vice President JD Vance told CNN’s Jake

2 The United States of America and the Islamic Republic of Iran undertake to respect each other’s sovereignty and territorial integrity and to refrain from interfering in each other’s internal affairs.

This is a symbolically important point. It suggests the US is agreeing not to foment opposition to the Iranian regime or push for regime change. In launching the war Trump had told Iranians that their moment of freedom from the regime was at hand. That no longer appears to be the thinking of the US government.

3 The United States of America and the Islamic Republic of Iran commit to negotiating and achieving the final deal in maximum 60 days, extendable with mutual consent.

This MOU is an agreement to reach a final agreement. Trump and President Masoud Pezeshkian reportedly signed

3 The United States of America and the Islamic Republic of Iran commit to negotiating and achieving the final deal in maximum 60 days, extendable with mutual consent.

This MOU is an agreement to reach a final agreement. Trump and President Masoud Pezeshkian reportedly signed on June 17, according to a US official, which would mean the 60-day clock would end on August 16. But that of course could be extended.

There are some key dates coming up in the Iranian calendar that might impact pace of cadence of talks, including the Islamic religious holiday Ashura on June 25 and the multiday burial of Supreme Leader Ayatollah Ali Khamenei, who was killed in some of the first strikes of the war. That process will last in Iran from July 4 until July 9.

4 Immediately upon the signing of this MOU,

10.) Where's America

4 Immediately upon the signing of this MOU, the United States of America will begin the removal of its naval blockade and any disturbances or impediments against the Islamic Republic of Iran, and will fully end the naval blockade within 30 days. During this period, the traffic of vessels will be in proportion to the numbers of pre-war traffic being restored by the Islamic Republic of Iran. The United States of America further undertakes to remove its forces from the proximity of the Islamic Republic of Iran within 30 days after the final deal.

Left unaddressed here is whether Iran will ultimately retain control over the Strait of Hormuz. The US has until July 19 to fully lift its naval blockade. This point also suggests the US will withdraw forces from the “surrounding areas.” It seems unlikely this refers to the US forces stationed in multiple countries across the Persian Gulf, but might allude to the roughly 50,000 additional US servicemembers deployed to the region during the war.

5 Upon the signing of this MOU, the Islamic Republic of Iran will make arrangements using its best efforts for the safe passage of commercial vessels with no charge, for 60 days only, from the Persian Gulf to the Sea of Oman and vice versa. The traffic of commercial vessels will immediately start, and considering the need for removing the technical and military obstacles and demining by the Islamic Republic of Iran will be instated within 30 days. The Islamic Republic of Iran will conduct dialog with the Sultanate of Oman to define the future administration and maritime services in the Strait of Hormuz in discussion with other Persian Gulf littoral states in line with the applicable international law and the sovereign rights of coastal states of the Strait of Hormuz.

Iran is agreeing to allow tanker traffic to pass unobstructed through the Strait of Hormuz with no fee or toll, but only for the 60 days covered by the MOU. In the future, Iran and its Persian Gulf neighbors, including Oman, will determine a new system that the MOU says will comply with international law. This suggests there could be new fees for Strait of Hormuz traffic in the future, potentially a major concession.

6 The United States of America undertakes with regional partners to develop a definitive, mutually agreed plan with at least USD 300 billion for the reconstruction and economic development of the Islamic Republic of Iran. The mechanism for the implementation of this plan will be finalized as part of a final deal within 60 days. All required licenses, waivers, and permissions needed for the relevant financial transactions will be granted by the United States of America.

So by the end of the summer Iran could have access to \$300 billion for economic development. This is a huge sum of money that far exceeds the value of Iran's frozen assets or what it would make through years of charging fees for ships to pass through the Strait of Hormuz. It is also a large figure considering Trump frequently complains that Iran was given access to a much smaller amount of its own money after signing the Joint Comprehensive Plan of Action. It's notable that this financed \$300 billion — investment money that Trump has said would come from Gulf states —

but no details have been provided.

10.) Where's America

7 The United States of America undertakes to terminate all types of sanctions against the Islamic Republic of Iran, including the United Nations Security Council resolutions.

IAEA Board of Governors resolutions, all unilateral US sanctions, primary and secondary in an agreed upon schedule as part of the final deal. The Islamic Republic of Iran and the United States of America acknowledge the critical importance of the sanctions termination issue above mentioned, and expressed their intentions to immediately address these issues in the negotiations in order to achieve mutual agreement on them.

The US has imposed sanctions of various types on Iran since the 1979 Revolution. This pledge to both end US sanctions and international sanctions would enable the Islamic Republic to tap its oil wealth in new ways.

Removing all sanctions would go much further than the JCPOA, the Obama-era deal Trump tore up during his first term. That agreement only lifted secondary sanctions related to Iran's nuclear program.

8 The Islamic Republic of Iran reaffirms that it shall not procure or develop nuclear weapons. The United States of America and the Islamic Republic of Iran have agreed to resolve the disposition of stockpile enriched material pursuant to a mechanism that will be mutually agreed upon in accordance with the schedule mentioned in paragraph seven with the minimum methodology to be down blended on site under the supervision of the IAEA. The two parties also agreed to discuss the issue of enrichment and other mutually agreed matters related to the Islamic Republic of Iran's nuclear needs, based on a satisfactory framework being agreed upon in the final deal. The final deal will confirm the provisions of this paragraph. The United States of America and the Islamic Republic of Iran acknowledge the critical importance of the nuclear issues above mentioned. They express their intention to immediately address these issues in the negotiations in order to achieve mutual agreement on them.

Trump will argue this pledge is a win since Iran is agreeing it will never have a nuclear weapon. Iran will argue that it already made this pledge when it signed the Nuclear Non-Proliferation Treaty. But details of the nuclear issue

Trump will argue this pledge is a win since Iran is agreeing it will never have a nuclear weapon. Iran will argue that it already made this pledge when it signed the Nuclear Non-Proliferation Treaty. But details of the nuclear issue — and Iran's ability to pursue nuclear power — remain unresolved in this agreement. It's notable that Iran does not pledge to abandon the goal of nuclear power in this MOU. And the language is not as strong as what was in the JCPOA, where Iran reaffirmed "that under no circumstances will Iran ever seek, develop or acquire nuclear weapons."

10.) Where's America

9

Pending the final deal, the United States of America and the Islamic Republic of Iran agree to maintain the status quo. The Islamic Republic of Iran will maintain the current status quo of its nuclear program, and the United States of America will not impose any new sanctions and will not deploy additional forces in the region.

The status quo is that Iran's uranium stockpiles are buried underground and the US is not actively trying to take them. As for new sanctions, the US has imposed multiple new sanctions since the outset of the war. These have targeted digital assets and shipping networks, for instance.

10

The United States of America undertakes that immediately upon the signing of this MOU and until the termination of sanctions, US Department of Treasury will issue waivers for the export of Iranian crude oil, petroleum products, and derivatives, and all associated services, including banking transactions, insurances, transportation, etc.

The US will let Iran sell its oil, despite sanctions, while a final agreement is being negotiated. This is a lucrative concession that will bring immediate relief to the Iranian economy. It will also help the world economy by restoring the oil supply that has been choked off by the war.

10.) Where's America

11

The United States of America undertakes to make fully available for use the frozen or restricted funds and assets of the Islamic Republic of Iran upon the implementation of this MOU. The United States of America and the Islamic Republic of Iran will mutually agree on the procedures related to the release of these funds during negotiations. Such funds, whether retained in the original account or transferred, shall be made fully usable for payment to any ultimate beneficiary designated by the Central Bank of the Islamic Republic of Iran. The United States of America undertakes to issue all necessary licenses and authorizations accordingly.

Unfreezing these assets is not an insubstantial gesture. Iran had been insisting on the release of \$24 billion, as Mohsen Rezaei, military adviser to Supreme Leader Ayatollah Mojtaba Khamenei, told CNN before the agreement was finalized.

But the figure could end up being much larger. While the precise value of Iran's frozen funds is not publicly available, Iranian media outlets and analysts estimate it ranges between

But the figure could end up being much larger. While the precise value of Iran's frozen funds is not publicly available, Iranian media outlets and analysts estimate it ranges between \$124 billion and \$167 billion. A large portion of whatever funds are ultimately unfrozen would likely be spent outside of Iran on goods and imports.

10.) Where's America

12 The United States of America and the Islamic Republic of Iran agree that an executive mechanism will be established to monitor the successful implementation of this MOU and the future compliance of the final deal.

The two sides will agree on a process to verify the agreement is being adhered to. If they want a model, they could look back to the JCPOA, which Trump tore up in his first term and Iran subsequently also abandoned.

13 After signing this MOU, and subject to the beginning of the implementation of paragraphs 1, 4, 5, 10, and 11 of this MOU, and the continuing implementation of these measures, the United States of America and the Islamic Republic of Iran will start negotiations regarding the final deal exclusively on the other paragraphs.

To make good on this MOU, the US must drop its naval blockade and allow Iran to access its frozen or restricted funds and assets. Iran must open the Strait of Hormuz. Realizing those commitments is required to achieve a larger agreement.

Vance has been clear that deals will come in phases and rely on performance. "We have the ability to welcome them into the world economy if they perform," Vance told Tapper. "We also have the ability to say, you know what, you don't get anything if you don't meet your end of the obligation."

14 The final deal will be endorsed by a binding UNSC resolution.

Interestingly, given that the MOU is only between Iran and the US, the sides agree that a final agreement will need to be blessed by the entire UN Security Council, which includes five permanent members with veto power: the US, the UK, France, China and Russia. This would make reneging on the deal more of a global concern and more difficult for a future US administration or Iranian regime.

These two were cast alive into the lake of fire burning with brimstone. ²¹ And the rest were killed with the sword which proceeded from the mouth of Him who sat on the horse. And all the birds were filled with their flesh.

And the two sides failed to address deep-seated structural problems, leaving tense US-China relations increasingly dependent on occasional contact between presidents.
