2. What is the significance of the temple being the central focus in these times? What can we conclude about our future access to God and His wisdom, resources and power?
3. How can Christians know they are on God’s paths? How can Christians know they are straying from God’s paths?
4. What would be the impact on our world if all wars ceased and all disputes between people ended? Is that kind of peace possible today? Why or why not? How will unity in the Lord lead to perfect peace and harmony?
5. What steps can you take to be more aware of all that Christ has done (and is doing) for you in working all things for your good? How can we encourage each other in this area?
6. What is one circumstance in your life in which you are longing for Jesus to overcome? What would it look like for you to hope in Him as you confront that situation?
