*Scriptures for further study*

Psalm 1 | Hebrews 4:12 | Phil 4:8 | Joshua 1:8

## DISCUSSION QUESTIONS

1. God's Word can transform the way we live our lives. We looked this weekend at Psalm 119:129-136 and gleaned that God's Word transforms us when it moves from "head knowledge" to the point where it changes the way we think and act. How have you seen that happen in your own life? What steps can you take to see this become a reality? What are some personal traits of someone who puts God's Word into practice?
2. David writes that God's Word is like a lamp and a light to us as we walk with God. We often turn to other things for direction and understanding. Why do you think that is? How can we combat the urge to look to other sources for truth?
3. Of the three ways of immersing ourselves in the Bible (reading, studying and meditating) which comes easiest for you? Which is the most challenging? Is there a specific step you need to take related to these three disciplines?
4. Psalm 119:132, says that God is favorably inclined and gracious towards those who obey His Word. What kinds of blessings can we expect as we apply Scripture and the principles of Scripture in our lives?
5. In 2 Timothy 3:16-17, Paul says the Word can "teach, reprove, correct, and train in righteousness." What is God teaching you through His Word? Is God leading you to stop doing something? Is God correcting wrong thinking or wrong behavior in your life? How is God preparing you to live more effectively for Him?
6. The passage says that David shed tears for those who disregarded God's teachings. What is your response to those who don't follow Scripture or even work against it? What do you think the best actions should be as you encounter people in your workplace or neighborhood who don't see God's Word as truth?
