

The Power of Hope

Hebrews 6:11-15

DISCUSSION GUIDE

1. Throughout history God's people drifted in their faith because they lacked "skill in the word" (5:13). This left them open to distraction. How do you stay proficient in the application of God's word in your life? What tools have you found to be effective in your growth?
2. If you can, share a situation in your life when your faith and living hope enabled you to face and endure things you thought would be impossible to go through.
3. The writer of Hebrews, in verses 14 and 15, refers back to the 22nd chapter of Genesis. Read Gen. 22:15-18: why did God swear by Himself, what prevents God from changing?
4. What personal promise was made to Abraham, how does the blessing of Gen. 22:18 affect the world?
5. Verse 15 tells us "Abraham, having patiently waited, obtained the promise." What promise of God have you been waiting for a long time? How have these verses encouraged you?
6. What else stood out to you in this sermon?
