

## THE CHURCH AS FAMILY | PART 3

Ephesians 2:19; Galatians 4:3-7

**THE POINT:** The church is not *like* a family with a father; the church *is* a family with *the* Father of fathers.

### DISCUSSION GUIDE:

1. What does a healthy family look like? What about an unhealthy family?
2. God doesn't simply forgive believers, He adopts them as His own children. How does this change the way we see and interact with other Christ-followers?
3. God adopts you so that you know you are seen, loved and valued. How do we help people in our church know they are seen, known and valued?
4. When are you most tempted to forget your adopted status before God? What can we do to stay gospel-centered?
