

The Promisor Behind Hope a Confident Hope

Hebrews 6:16-18

We are continuing on in Hebrews 6 with a focus on verses 16-18. There was some confusion on the passage last week and the questions attempted to cover verses 9-20. I apologize for the confusion. The focus this week is on the unchangeable nature of God and the hope and encouragement that is ours as we "flee to Him for refuge."

SCRIPTURES FOR FURTHER STUDY:

Psalm 11:1 | Psalm 18:2-3 | 1 Corinthians 10:13-14

DISCUSSION GUIDE:

1. This passage says that God is unchanging. Read Psalm 102:25-28. How does the unchanging nature of God impact the way that we have hope in hard times? How does it impact you in the midst of good times?
2. Hebrews 6:18 says that as we flee to God for refuge, we can live with hope.
 - Have you ever had to "flee" from something? If so, what was your attitude as you were fleeing? Were you single minded and focused as you fled?
 - God is a refuge for us. Is it easy for you to take refuge in the God who doesn't change? If so, how have you learned to do this? If not, what steps could you take to grow in this area?
3. In 1 Corinthians 10:13-14 Paul writes that we are to flee from idolatry or putting our hope and trust in other things. What action steps can we take to flee idolatry and seek Him?
4. Who do you know who needs to take refuge in the unchangeable God of the universe? What could you do this week to help and encourage them?
5. What else stood out to you from the study of this passage?
