DISCUSSION GUIDE:

1. In Luke 14:26-32 Jesus speaks of the costs, considerations and consequences for following him. List one or two of each and discuss how they apply to us as believers today.
2. What does Paul mean in 1 Cor. 6 when he calls us "members of Christ" and why does that matter?
3. Think through this past week; did you face a situation(s) where you were biblically permitted to do something but weren't sure if it was profitable or unprofitable? If you feel comfortable, share that situation and use the benefits/drawbacks grid to discuss how a Christian should respond.
4. In what areas of our life do you struggle most with the "permissible" versus the "beneficial"? Are there decisions in your life that you need wisdom and discernment from God to make? What specific steps will you take this week to seek God's direction?
5. What was something new or challenging you learned from 1 Cor. 6:12-20? What steps is God calling you to take from here?
