

Small Group Questions — Baptism

9/18/2022

1. Do you think often about when you were baptized? Does it feel like a significant mile-marker in your life?
2. What does it mean that baptism saves us (1 Pet. 3:21)?
3. True or False?: Only spiritually dirty people should be baptized.
4. We believe that baptism should be an act of faith (unlike Esqueleto's baptism in Nacho Libre). What does the act of baptism say that we have faith in?
5. How does the Holy Spirit replace the old life with new life?

Extra Credit: If you had a young child ask to be baptized, or an adult friend question whether they should be baptized again, what kinds of questions would you ask to help them process this decision?
