

Digging Deeper Study Guide

Book and chapters

Brief Summary:

In this week's episode, Tony reflects on the holiness of God and the deep relationship Moses shared with Him.

First, Tony highlights the careful details and precise instructions God gives for the tabernacle—its objects, the sacred oil and incense, and even the setting apart of days and people for holy purposes.

He then explores the boldness of Moses as he intercedes for Israel and expresses his deep desire to know God more and experience His presence more fully.

Finally, Tony challenges us to examine our own hearts: are we seeking deeper intimacy with God, or are we primarily after what we hope God will give or do for us?

Study Questions:

1. How have you, like the Israelites, turned a blessing from God into a golden calf?
2. Are you willing to stay in the wilderness with God rather than go to the Promised Land without Him?
3. Are you boldly asking God to reveal more of Himself to you—and giving Him the time and space to do that?

Prayer:

End your time in prayer to God our Father, to the Holy Spirit, and to our Lord, Jesus Christ.
