Digging Deeper Study Guide
Joshua 19-24, Judges 1-2

Brief Summary:

In this week's episode, Tony explores the transition from Joshua to Judges and God's purpose for Israel as His covenant people.

He then examines Israel's failure to fully drive out the inhabitants of the land and how compromise eventually led them away from the Lord.

Finally, Tony challenges listeners to consider their own lives. What areas of sin, compromise, or brokenness are being tolerated instead of surrendered to God? Through confession, healing, and obedience, God invites us into the freedom and transformation found in Christ.

Study Questions:

1. What areas of compromise or "unclaimed territory" still remain in your heart?

2. If the Holy Spirit is at work within you, empowering you to walk in obedience, why do certain strongholds remain?

3. What would it look like for you to walk through a process of healing, cleansing, and freedom in those areas?

Prayer:

End your time in prayer to God our Father, to the Holy Spirit, and to our Lord, Jesus Christ.
