

Digging Deeper Study Guide

Leviticus 19-27

Brief Summary:

In this week's episode, Mickey walks us through Leviticus 19–27, highlighting God's desire for His people to be like Him. Our God is holy, pure, and completely “other,” and He calls His people to live set apart—distinct from the cultures around them.

Mickey also explores the seven feasts in Leviticus 23, showing how they were given by God as a rhythm for His people to regularly meet with Him and celebrate His goodness. These appointed times remind us that God desires to be with His people and invites us into a consistent pattern of worship and relationship.

Each of these feasts ultimately points forward—they are shadows of what was to come and are fulfilled in the Messiah. They are rich symbols that lead us to Jesus.

He also encourages you to check out the YouTube video “The Holy Days of Our Lord” by Zola Levitt for further insight.

Study Questions:

1. Do you plan a regular time each day to meet with Jesus? He wants that time with you.
2. Consider asking Him: what do you want me to know about You today, what do you want me to know about myself? What do you want me to do in light of what You have revealed?
3. What areas in my life need to be more “set apart” as I follow Jesus?

Prayer:

End your time in prayer to God our Father, to the Holy Spirit, and to our Lord, Jesus Christ.
