

Digging Deeper Study Guide

Exodus 21-28

Brief Summary:

In this week's episode, Brian highlights how, after 400 years in a foreign land—much of that time in slavery—God begins teaching the Israelites how to live in right relationship with Him and in proper community with one another.

He then explores how the detailed instructions found in these chapters reveal God's intentional and ordered nature—the same care seen in creation—and how this reminds us that God is deeply aware of and involved in our lives.

Finally, Brian challenges us to consider how we approach meeting with God: do we come to Him on our own terms, or do we seek Him according to the way He has invited us to come?

Study Questions:

1. Am I aware of God's hand at work in my life?
2. Do these chapters stir gratitude and thankfulness in me for all that Jesus has accomplished?
3. Is my reading of Scripture leading me into deeper intimacy with God?

Prayer:

End your time in prayer to God our Father, to the Holy Spirit, and to our Lord, Jesus Christ.
