

prepare for next week...

Thanksgiving

Women of Peace,

What a joy and delight it has been to dive into 1 John this fall and walk through the spiritual practices of the Examen and Listening Prayer together. God has been so faithful to meet us in these spaces, and I find myself truly grateful for the time we've spent together. We will be taking next week off to celebrate Thanksgiving, and then we have one final study in 1 John before our last gathering in December, where we will feast and reflect on what God has done in our lives through this semester.

I leave you with this blessing from Jan Richardson. It may be familiar to you, but seems fitting for the coming week. Wherever you find yourself (eager to feast or walking in grief), may this blessing minister to you today:

And The Table Will Be Wide

Peace,

Tina Gaines

Don't Forget!

Make some time to write out your FINAL passage in preparation for our study the first week of December! The study guide at the back of each lesson is a helpful tool in diving deeper into the scripture.
