Healing: Is God Too Busy To Heal Me?

“God Ain’t Too Busy To Heeeeeeeal Me!”

“In his unfailing love, my God will come and help me.” - Psalm 59:10

Say:

God has a busy schedule. He has to create planets in the morning, monitor the lives of 7 billion people during the day, cause the stars to twinkle at night, and much more. But his schedule is NEVER too full to stop everything to help one of His children in need.

Read:

Mark 5:21-42

Ask/Discuss:

- What was the name of the man whose daughter was sick?
- What was Jesus doing when Jairus asked him to come heal his daughter?
- Why did Jesus stop in the middle of the crowd?
- What kind of disease did the woman have?
- How long had the woman had the disease?

Say:

Many people believe that God is too busy with “more important things” than to come to their rescue when they need Him. However, NO matter how busy God is, He will always be there for us when we need Him. He is never too busy to heal you!

Pray:

Pray with your children if they are facing sickness or are in need of some kind of healing. Remind them that God has time for them. Tell them not to let anything keep them from calling on Him for help. One touch from Jesus will change everything for them, today.
