

WORSHIP WHILE WAITING

Habakkuk 3:1-19

Remember God, and remember His works. (2-15)

Remember God.

Remember His works.

Reorient your heart around God's Word. (16)

Worship refocuses your eyes.

Worship quiets your heart.

Rejoice with renewed faith. (17-19)

True worship leads to joy.

True worship renews our faith.

GROUP / FAMILY DISCUSSION

- Do you find it hard to worship when in the midst of a difficult situation? Why or why not?
- What does “worship” typically look like for you?
- Habakkuk remembered God’s work with the Israelites in the Exodus and conquest of Canaan. What are some stories from God’s Word that encourage you when you remember them?
- What aspect of God’s character is the most important to you? Why is that?
- Read **Psalm 73:16-28**. How does worship reorient and change the psalmist? What were his struggles? How did worship help?
- How does worship renew our faith?
- **True** worship leads to joy. What are some differences between a false worship and true worship?
- What will you practically do this week to “remember God’s Word in order to worship?”
- **Pray** for someone you know by name who needs to see you or another believer quietly waiting through worship while in the midst of chaos.
