FAMILY TALK: 1 CORINTHIANS 5:1-5

1. In VS 2, God speaking through the Apostle Paul says that the church at Corinth is arrogant.

- In what way were they arrogant?
- Does the American church have a similar problem?
- What do we learn from them so that we avoid being arrogant before God?

2. VS 5 is a hard verse to our sensibilities. We know God is complex; loving, patient, kind, and merciful, but at the same time He is righteous, just, and holy and pure; this verse shows us the significance of sin!

- How ought this change our view of sin?
- How is this action compatible with a loving God?
- Is the church called to follow this action today?
 - » If yes, what might this look like?
 - » If no, when did this kind of action cease to be applicable

3. Do I want the holiness and purity that God wants in my life or do I just want stuff from Him?
