JOIN A GPS COMMUNITY

When it comes to community, Sundays are great but they aren't enough. It is not fair to expect that we can connect with others and build deep relationships as a church during our Sunday Church Gatherings alone. To *Live The Gospel*, we need more than two hours a week.

One of the primary ways we *Live The Gospel* at The Compass Church is through our GPS Missional Communities. We truly believe that life is better together, and these communities provide a place for us to grow deeper with one another, and also grow deeper together in our faith as we live and grow as disciples of Jesus.

Our GPS Missional Communities will be starting up again in September, so if you are not in one yet, you can go to the Compass Connect table and get introduced to a GPS leader, or visit compassregina.com/gps for a full list of all our groups, along with their contact info.

SERVE AT THE COMPASS CHURCH

Another great way to experience community at The Compass Church is through serving in a ministry. As we serve together, we form relationships, build community, and help advance the mission that Jesus has called us to.

There are many different areas where you can serve:

- Setup & Takedown
- Worship Band
- Sound
- Keynote and Video
- Children's Ministry
- Greeter
- Compass Connect Table
- Administration

What we have found is that some of the best relationships have started and continued to grow as we serve together.

Are you serving at The Compass Church? If not, head back to the Compass Connect table after today's service and get plugged into a ministry, or email us at info@compassregina.com during the week.
