

TRUTH UNCHAINED

A Worthy Walk Worth Walking

Key Verses:

Colossians 1:9-12

Key Point:

Believers are called to walk the course of their lives with Jesus. This tremendous blessing is most often misunderstood. Instead of leading *our* lives and inviting Jesus to tag along with us, we are to set our course according to the path and leading of *Christ*.

Key question:

What is the gospel doing in your life?

A Worthy Walk

Walking in God's Will

Walking According to God's Worth

Parting Truth:

Are you walking with Jesus? God calls Christians not to just be saved, but to live meaningful, joyful lives as saved people. Some have gotten the idea that once we trust Jesus for the forgiveness of our sins, we get on a program of just enduring the days until we make it to heaven. This is not what God intends — He has so much more!
