Obed Edoms life was forever changed by the presence of God

His priorities were changed....He tasted and experienced the goodness of God....

1. His addiction to be near the presence was obvious..
2. Discuss the change of priorities in your own lives..willingness to step out....
3. Our willingness to serve Gods house is a fruit of our relationship With God...Cannot live without the presence of God...
4. Again challenge the group to 90 days of seeking Gods presence..
