Discussion Questions:

1. While Jonah getting swallowed by the fish is the most well-known part of the story, it is easy for us to miss the main theme of this chapter. What would you say is the main idea of Jonah 2?
2. Grace is a completely undeserved gift from a completely unobligated giver. Can you think of a time when you've received this type of grace from someone?
3. Jonah was a prophet who knew that God was merciful, gracious, and slow to anger (Jonah 4:2), but he didn't truly know God's grace until he experienced it himself. Discuss the potential for someone to grow up knowing about God, but never really knowing His grace in their lives. Why is it important that we always remember that salvation is by grace alone?
4. Read Luke 17:11-19. What does this story teach us about our tendency to not be thankful? How can you practice intentional thankfulness this week?
5. How does realizing we've received grace equip us to show grace to others? Who can you share the message of God's grace with this week?
