Discussion Questions:

1. Did you know that Biblically-Driven Ministry is one of the core values of FirstSF? How have you seen this core value shape the life and ministry of our church?
2. Read Psalm 19:7-9. Have you ever struggled to trust that the Bible is “perfect,” “sure,” and “right” in all that it says? Are there particular areas of the Bible that you have difficulty believing are true?
3. Read Hebrews 4:12-13. How have you seen the Word be living and active in your life? (In the language of Psalm 19, how has the Word revived your soul, made you wise, and delighted your heart) How do these verses in Hebrews also speak to the process of the Word?
4. Read John 5:37-40. Why is it important to read the Word in a way that points us to Christ? How does this allow the Word to work out its full process in our lives?
5. How can you make the Word more of the foundation and filter of your life? How can our church make sure that we continue to be shaped by this core value in the future?
