

Day 4: Rooted in God's Word

Reading: Acts 17:10-11; 2 Timothy 3:16-17

Devotional: The Bereans were commended for examining Scripture daily to verify Paul's teaching. In our age of endless voices claiming spiritual authority, we desperately need discernment rooted in God's Word. Personal experiences, prophetic words, and emotional encounters may seem compelling, but Scripture remains our unchanging standard. Like FBI agents who study authentic currency to spot counterfeits, we must immerse ourselves in biblical truth to recognize deception. God primarily speaks through His written Word—it is sufficient to equip you for every good work. Don't build your faith on subjective experiences or human wisdom. Compare everything to Scripture. Become a student of the Bible, and the Spirit will guard you from error while building you up in truth.
