**Sunday, 1/16/22 Pastor Stuart Fraser**

**I. Introduction: God's judgment against mankind is that those who abandon God as Creator are given over to all kinds of sins that destroy their lives, including homosexuality.**

**II. God's Verdict on Homosexuality (Romans 1:24-32).**

A. Homosexuality is a Lie (**vv. 24-25**).

1. God declares that embracing homosexuality is to accept the deception that human beings can define what is morally acceptable and what is not.

B. Homosexuality is Unnatural (**vv. 26-27**).

1. God explains that homosexual desires go against His design for human beings and distort what He originally designed human beings to be.

C. Homosexuality is Degrading (**v. 26**).

1. God says that homosexual desire is a degrading passion with no honor, as opposed to marriage ordained by Him that should be honored by all.

D. Homosexuality is Shameful (**v. 27**).

1. God says that homosexual acts are indecent because they are wicked perversions of His truth, which His people must not tolerate or accept.

E. Homosexuality is Illogical (**v. 28**).

1. God declares that homosexuality is not a logical choice but an irrational passion that destroys the sinner's mind and ultimately condemns their souls to hell.

**III. Conclusion: God's verdict on homosexuality is that it is a sin and that homosexuals must be called to repent of their sin so that they can be forgiven and cleansed.**
