

From Dirt to Destiny: When God Meets You in the Mess
Discussion Questions

1. When has your pain led you to ask, “What did I do wrong?” How does Jesus’ response in John 9 challenge that way of thinking?
2. Jesus used mud and spit to bring healing. What “uncomfortable” or unexpected means might God be using in your life right now?
3. In what area of your life are you still waiting for healing or clarity? What would it look like to take the next step in faith, even before the outcome is clear?
4. The man walked to the pool while still blind. How are you being invited to trust God in the midst of uncertainty?
5. “What begins with mud ends in mission.” How might God be calling you to use your story—not just the victories, but also the struggles—to encourage or bless others?

These questions should spark deeper reflection and meaningful conversation about the key points of the sermon.
