GOD'S PLAN FOR FILLING THE EARTH - GENESIS 9:1-7

GOD'S PROMISE FOR PRESERVING THE EARTH - GENESIS 9:8-17

1. Why is the command, "be fruitful and multiply" so important to obey when Noah and his family came off the boat? Do you struggle with God's plan for filling the earth? How do we know that sin was not wiped out completely after their departure from the ark? Do you believe God withholds anything from you to follow His plan?

2. How does God care for all His creation? How would you demonstrate this from scripture? Why would it be important to demonstrate this to an unbeliever?

3.	What is the greatest threat to man's existence? How would you demonstrate this from scripture? Why would it be important to demonstrate this to believers and unbelievers?
4.	Why do we get discouraged when we "mess up"? What promises of God can we remember when we are in seasons of doubt and discouragement?
5.	How does God's promise for there never be a flood to destroy the earth help us in understanding the difference between a global flood and a localized flood? Why does this matter when it comes to understanding the scripture?
