DISCUSSION

The Starting Point

- a. Why do you think the author begins Hebrews by emphasizing Jesus' superiority rather than immediately addressing the audience's struggles?
- b. What can we learn from that for our own application?

The Divine Son of God

- a. How does recognizing Jesus as "the exact expression of God's nature" reshape people's ideas about who God truly is?

The Son of Man

- a. How does knowing that the eternal Son became truly man, –sharing our frailties, sufferings and temptations– affect your understanding of Jesus, and of what it means to love Him?
- b. What danger do we face if we deny either His divinity or His humanity?

Responding to Jesus

- a. Do you agree or disagree: "Submitting to Jesus' authority is a joyful endeavor." Why or why not?
