DISCUSSION

1. Created

- When you hear that Satan was *created* by God, how does that change the way you think about his power?

2. Corrupted – Pride and Rebellion

- Satan's pride led to his fall. How do you see pride show up in ways that draw people away from God today?

3. Contending – The Enemy at Work

- The Bible says Satan tempts, accuses, and stirs division. Where can we see that happening in the world, in our church, or our own life?

4. Crushed – Christ the Victor

- How should remembering that Satan is already defeated change the way we face struggles, sin, or fear?

5. Confident Vigilance – Our Response

- How does "confident vigilance" stand apart from the fear we sometimes see Christians have toward the devil and the demonic?
