DISCUSSION

1. We are Created

- Where in your life do you feel the tension between who God says you are and who the world tells you to be?

2. We are Blessed

- God has blessed us with instruction in how to live and point the world to Him. How in your life have God's commands been 'sweet like honey'? and how have they been hard?

3. We are Dependent

- The Bible says we were made to depend on God –and this is very good! If dependence on God is actually a good thing, what is one area where you want to stop pretending you are self-sufficient?

4. We are Good and Beautiful

- If we really believed God's original creation of humanity was very good, how would that change our world? How does it change your own life?

5. We Need Redemption

- What part of human brokenness makes you most grateful that Jesus came to redeem us?
