The 51st Anniversary of First Bible Church

Before the Ephesians were saved by grace alone:

1. They had _____, but they didn’t have the word of God.
2. They had _____, but they were not in the family of God.
3. They had _____, but they did not have hope in God.
4. They had _____, but they did not have God.

Now that the Ephesians are saved by grace alone, they experience:

1. _____: In the church, God joins all the races together in his family.
2. _____: In the church, God condemns all racial pride and superiority.
3. _____: In the church, God’s glory is magnified by cross-centered racial reconciliation.
