### TEACHING OVERVIEW

Pastor Ken and Dr. Diane Foley talked about faith and science and how they connect, specifically in regards to sexual intimacy. Dr. Diane also gave some practical tips on how we can be talking with our kids and grandkids on this topic.

## Encouragement

What did you do this past week to intentionally become more like Christ?

Where do you believe science and faith support each other? Are there areas you see them differing?

## Scripture & Discussion

Read: Jeremiah 1:5

### Discuss:

1. You, your kids, and grandkids are uniquely made in the image of God. How have you seen this in your life and, if applicable, with your kids/grandkids?
2. Dr. Foley mentioned that each person should be protected, have worth, and be valued. How can you do that for your kids, spouse, friends, coworkers?

February 15/16 2020

## TALK ABOUT IT

**Read:** 1 Corinthians 6:18-20

### **Discuss:**

3. What does it mean to "flee" and how do we practically do that in regards to the sins we face?
4. Boundaries are important to have for ourselves and set for our kids. What are healthy boundaries you have established and how have they helped you live a life for Christ?
5. Surrounding ourselves with people that have the same values and making church attendance is a priority are both proven ways to set examples for kids, grandkids, friends. How have you seen this in your own life? How can you grow in making these priorities?

## **P**Prayer

Ask God for wisdom in having Biblical conversations, if you are a parent, with your kids about sex and sexuality. If you are not a parent pray in advance for your future kids or with friends that have differing opinions than you.

## **N**Next Steps

Take time to look over the resources provided that can be found on the website. What is one thing from this message that you can apply this week alongside the resources?

Share with your kids each night that they are valued, loved, and specifically made by God.
