Talk It Over

1. What is something that your mother or father did that you feel you have mimicked in your marriage?
2. Define the word covenant, what is the difference do you think between a covenant and a promise or any other kind of agreement?
3. What are some differences between the world view of marriage and the biblical view that you see?
4. Paul connects the relationship of a husband and a wife to the relationship that Christ has with His Church - How can we be a representation of this picture as we live out our life here on Earth?
5. How does understanding the covenant of marriage help you through a hard time in marriage? (this is a good time to encourage discipline in the hard times, serving the Lord instead of yourself, etc.)
