

# Unqualified

*Pastor Jesse Eisenhart*

We are individually unqualified to do life alone  
We were not created 1) by accident and 2) to do life alone

We are unqualified to reflect the fullness of Christ by ourselves

We are called to do life in an intimate way!

We NEED the local church!

The local church is GOD'S IDEA!

*1 Corinthians 12*

*Mark 10:8 (marriage)*

"...there are no longer two.."

Unless the two become one, it won't work! Something in both of them must change- place your needs above my own!

God uses the same context/principle in marriage as He does in the body of Christ

Marriage is the assault of selfishness in your life - you either allow God to change YOU or you change the circumstances in your life

"We are one body, each member belongs to the other"

We NEED YOU!

We would never need you if we didn't plan on reaching more people

•UNTIL EVERYBODY KNOWS•

We need the local church because you become what you celebrate  
There should always be different levels of people in the body of Christ

Endure it! Allow God to work in your heart. God is for you more than any other person alive!!! God needs to do something IN YOU before he does something THROUGH YOU

Christ did not come to fulfill your desires - He came to change them!!!

The only way you allow them to change is if you SEEK Him!!

The body of Christ is more than just a row of seats on a Sunday!

We are a family - with one another! Sticking together! We are COMMITTED beyond showing up for just an hour.

This requires something of us-

In the midst of what seems very ordinary, God can do something EXTRAordinary!

Our relationship with God should not be casual!

Dishonor= to look at someone as ordinary or casual, common

*Philippians 4:13*

Regardless of the circumstance of life, the secret of life is to be content in all things because I believe that Christ is enough!
