

Love Song

Week 1: Pastor Jesse

Relationships are spiritual

The most important variable you have in your life are your relationships. Sometimes Christians act like they have no control over the relationships of your life.

You're not a victim or bystander of the people do you life with!

You can CHOOSE who you invest time with in your life! You get to choose the company you keep!

Relationships are vital to your success to achieve all that God desires to do in your life

There's two people in your world

People who will naturally push you towards Christ and people who just don't care

1 Corinthians 15:33

"Do not be misled: "Bad company corrupts good character.""

Those people will not sharpen your life!

The character things in life are what will separate us apart!

You don't need to go and try to find darkness in your world. It's all around us; there are so many who don't have a personal relationship with Jesus!!!

Who in your world right now is there because you were intentional about introducing yourself and building a relationship?

- 1 Relationships are spiritual
- 2 Relationships are powerful

The enemy uses relationships to attack people. -People becoming upset, offended, bitter- this divides people!

The people who you spend most time with, you absorb stuff from them! You reflect the company that you keep closest to you.

Proverbs 14

The maturity of a Christian is in how they respond to things happening in their world.

Romans 12:2

“Do not conform to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God’s will is—his good, pleasing and perfect will.”

If we dismiss simple conversations, simple acts of love, simple moments, we can miss out on something God wants to do

Conformed - to be shaped by

All of how we should walk is found in the Word of God! If you’re not around people who are shaping you and molding you to be more like Jesus- you will be conformed to the world!

Depth of someone’s relationship with the Lord - can be reflected in how they treat those around them.
