

The People vs Jesus

Stop Doubting

John 20:24-29

Doubt: God is concerned with you. We all deal with doubt in different areas. How do you fight it? Doubt makes you behave in ways you don't know. In our wisdom, we think we have it figured out, when we need to come to Him with humility. He cares about our journey.

Thomas allocated his 5 senses to be truth as the determining factor.

We are the church, we have resurrected power in us.

Blessed are those who see w/o believing
He is always demonstrating His power. (It takes nothing to NOT believe.)

Stop doubting and believe.

We pray to God for the things He has already given us. Our prayer life - speaking matters.
Be confident in what Christ did for us already.
Everything changes - get a new revelation of what Christ did for you!

The church should be an insecurity free environment.

If you are feeling critical, don't miss the person of Jesus.

We are all on a journey. We were all made to move.
Don't be stationary, or a follower.

(Joshua Bell story)

Jesus' acts of power, works, glory, love is always around us.
Are we too consumed to see it?
We're often too busy to see what's right in front of us. How do we change this?

Luke 24:13

What things are you downcast about???

They guys tell Jesus about himself. They had hoped that Jesus would be the one, but their eyes were opened when He broke bread.

Your spirit won't respond to anything the way it will in His presence.

Get a new revelation of who Christ is - don't separate scripture from relationship.

This is a new season, behold a new think is in you, before you and out of you.
What he's already given is enough!

Agree and align with what He's already done. Speak the word in season.
Remind your spirit of the truth!
