

Mrs. Prestwood's Ponderings

Third Grade

Grow Where You are Planted

4 years ago, God called me to come to Our Savior Lutheran Church to teach the Littles here. It was a true leap of faith, for we didn't have a house or a job for my husband, but we knew we needed to come. One of the truth statements my family told me as I was leaving was that we would "grow where we were planted". I had done all the growing in Amarillo that God wanted me to do; it was time to grow somewhere else. Now as I watch my Bigger Littles as they head into the last quarter, I realize that they, too, have grown where they're planted. Growth happens in all kinds of ways, and I am proud to see the third graders grow in the ways that God has blessed them to grow.

MATH

Before Spring Break, we learned how to multiply 2 digit numbers by 2 digit numbers. It was a longer process, so we will take our test on Tuesday, March 17. We will then learn about multiplying with regrouping, which I pray will be an easier task because it build on the last lesson.

**Test on Tuesday, March 17
and Friday, March 20.**

GRAMMAR

Before Spring Break, we took a break from grammar as we focused on the history fair and closing out the quarter.

Next week, we will jump right into linking verbs, which also will help in our Latin for this week.

LATIN

Before Spring Break, we learned about adjectives in the singular form. Next week, we will learn about adjectives in the plural form, which still retain the same ending as the noun it modifies. We can now write whole sentences in Latin with this knowledge!

"Oh sing to the
LORD a new song,
for he has done
marvelous things!
His right hand
and his holy arm
have worked
salvation for him.
Psalm 98:1

Looking for a home church? Join us on Sunday at **Our Savior Lutheran Church!**
Bible class - 8:15

Church - 9:30

Sunday School for all ages - after church

HISTORY

Before Spring Break, we focused on our history fair projects and did such a wonderful job! Next week, we will learn about Leif Erikson and Erik the Red and their Scandinavian roots.

SCIENCE

Before Spring Break, we took a test over all we have covered this quarter. Next week, we will focus on Giles of Rome and what he discovered about molecules and atoms in liquid.

Learn By Heart, Week 28

Memory Work

What sins should we confess? Before God we should plead guilty of all sins, even those we are not aware of, as we do in the Lord's Prayer; but before the pastor we should confess only those sins which we know and feel in our hearts.

"For when I kept silent, my bones wasted away through my groaning all day long." Psalm 32:3

Important Reminders

- **Tuesday, March 17 - Early dismissal - 2:15 (Parent-teacher conferences, if needed)**
- **Wednesday, March 18 - Chapel at 8:15 - Families are welcome!**
- **Math Test - Tuesday, March 17 and Friday, March 20**

Please make sure you are checking your child's planner and signing it daily. This is the best way to communicate with your child about his or her school day and important assignments!

Lenten Schedule

March 11, 18, 25 - Lenten services at 7:00 with meal before. Please join us as we walk to the cross with our LORD.
