

Scientia et Mathematica

Our Savior Lutheran Quadrivium

Week 17 - Advent 2

This week, we celebrate the peace we have received as children of God. The peace candle symbolizes the peace Jesus brings as he reconciles us with God.

Wednesday Advent Services • December 3, 10 & 17 @ 7:00 PM

Christmas Eve Candlelight Service • Wednesday, December 24 @ 6:00 PM

Christmas Day Service with Communion • Thursday, December 25 @ 9:30 AM

New Year's Eve Service with Communion • Wednesday, December 31 @ 7:00 PM

Support #EagleFund!

We are soooo close to reaching our goal and getting an extra day off for Christmas Break. Please consider giving if you have not already. Thank you for supporting our school!!!

6th & 7th Science

This week, scholars are exploring the Law of Conservation of Energy and using multiple types of observations to explain the natural world.

8th Science

We are completing our unit on beneficial bacteria. Scholars will explore how bacteria are beneficial to things other than humans.

Algebra I

Scholars will continue to use graphs to identify the solution to simultaneous equations. Then, scholars will learn how to find the solutions algebraically.

Tests:

Alg I - Dec 8. (Unit 1

Retest if below 85)

Alg I - Dec 10 - Lesson 13

Labs:

Dec 8 - 6th, 7th, & 8th

Dec 10 - 6th & 7th

Memory Work

For I know that nothing good dwells in me,
that is, in my flesh. For I have the desire to do
what is right, but not the ability to carry it out.
Romans 7:18

The Third Petition of the Lord's Prayer:
Thy will be done on earth as it is in heaven.

What does this mean?

The good and gracious will of God is done even
without our prayer, but we pray in this petition
that it may be done among us also.

How does God's will done?

God's will is done when He breaks and hinders
every evil plan and purpose of the devil, the
world, and our sinful nature, which do not
want us to allow God's name or let His
kingdom come; and when He strengthens and
keeps us firm in His Word and faith until we
die. This is His good and gracious will.

Science Fair - 7th

Scholars are now researching their topic,
finding crucial information that will form their
hypothesis and direct their experiment.
Encourage them to use different types of
references as they explore their topic in depth.
Deadline for the hypothesis is December 19th.

Planting Science - 8th

Congratulations to Project Group 4 for being
nominated by the Planting Science committee
for Star Project! If they are selected, each team
member will receive a Plantingscience t-shirt
and other prizes. Group 4 members are: Remi
Sjolund, Harlow Schatte, Paige Lawder, and

SCIENCE EXTRA CREDIT THIS WEEK

We are learning about the Law of Conservation of
Energy in our Physics and Chemistry classes.
Explain why a marshmallow "puffs" up when
heated over a flame.
