

MS. LOWERY'S SCHOOL SCOOP!

Week 23 - Septuagesima
February 1st

WEEKLY EAGLE REPORT

Good afternoon, families!

This is a reminder that the Science Fair Hypothesis is due Friday, February 6th. This is also when scholars should begin conducting their experiment.

Please take some time to review these dates with your scholar. The Science Fair project counts as two test grades, so staying on top of deadlines is very important. Please keep in mind that points will be deducted for each day a section is submitted late. I will not have class time to review these steps, so please work on this with your scholar at home.

We will also be testing scholars on the Pater Noster now on Thursday, February 20th. Scholars will recite it aloud. A copy was sent home for practice.

Thank you so much for your continued support!

MEMORY WORK 02/06

Sacrament of Holy Baptism – The First Part

What is Baptism?

Baptism is not just plain water, but it is the water included in God's command and combined with God's word.

Which is that word of God?

Christ our Lord says in the last chapter of Matthew:
"Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit."

What is St. John 3:5-6?

Jesus answered, "Truly, truly, I say to you, unless one is born of water and the Spirit, he cannot enter the kingdom of God. That which is born of the flesh is flesh, and that which is born of the Spirit is spirit.- St. John 3:5-6
