6th & 7th Science

This week, scholars are learning properties of equilibrium and semipermeable barriers.

8th Science

Scholars are learning the names and purposes of the circulatory system in the human body.

Algebra I

Scholars are factoring more complicated polynomials

Quizzes/Tests

Algebra I - lesson 21: 2/24

Algebra I - factors quiz:
2/27

Labs:

6th/7th: 2/24

Equilibrium

7th: 2/26:

Semipermeable Barrier

6th: 2/27:

Semipermeable Barrier

8th: Earthworm dissection
2/27

Memory Work

Therefore, if anyone is in Christ, he is a new creation. The old has passed away; behold, the new has come. 2 Corinthians 5:17

Sacrament of Holy Baptism.

What does such baptizing with water indicate?

It indicated that the Old Adam in us should by daily contrition and repentance be drowned and die with all sins and evil desires, and that a new man should daily emerge and arise to live before God in righteousness and purity forever.

Where is this written?

St. Paul writes in Romans chapter six: We were therefore buried with Him through baptism into death in order that, just as Christ was raised from the dead through the glory of the Father, we too may live a new life. Romans 6:4

2026-2027 School Calendar Next School Year!

Thank you for your patience as we worked through some final details on next year's school calendar. Please keep in mind that some small updates can happen, but the main dates are set (i.e. school starting, holidays, and end of year). Prior to the new school year we will provide the most up-to-date version of this calendar.

HELP!

LOST & (needs to be) Found...

The lost and found bins are FULL....and overflowing! If you are missing items, please take a look! Come to the school office and we can direct you to the bins. This is a photo taken TODAY...and a kind reminder to PLEASE label ALL items with names!

SCIENCE FAIR NEWS:

Friday, February 27 is the due date for all science fair materials. The boards, the journals, and the typed report will all be submitted during class. Any other materials for display (actual materials from experiment, etc) should be brought on Monday, March 2. The Science Fair is on **March 3** from 6:30 - 8:00. All are welcome. Bring the whole family. Ribbons will be awarded to the top three projects in 7th (and 4th) grades. If you have questions, refer to the Science Fair packet and/or contact me.
