## LETTERS & NUMBERS

- Introduced Oo.
- Reviewed 9. Things related to nine: baseball innings, nine-sided shape is a nonagon, cloud nine, Jesus healed ten lepers – one returned to say thank you, and nine did not, months of human pregnancy, squares on a tic-tac-toe board

## OUTDOOR LEARNING

- We read *Officer Buckle and Gloria*, then walked to our guard house at the front of our 60+ acre campus to listen to the officers about how they keep us safe each day!

## SCIENCE

- Marshmallow catapult! A sudden release of stored energy will propel our marshmallows. We watched a short video on Newton's Laws of Motion and then put it into action. What happens if we change the catapult or size of object being launched?..
