

Kindergarten News

August 15, 2024

Dear Parents,

We had a wonderful week! Thank you for sharing your children with us. It is so important to discuss your scholar's day and learning with your scholar. Your child will better retain what he has learned if he talks about it.

This week we concentrated on our schedules, procedures, listening to the teacher, and we had fun doing it. On Wednesday we drew self-portraits which I will save until the end of the year. Hopefully you found the magnets we made using our markers. On Thursday, we read The Rainbow Fish and made uv bead bracelets. We also painted rainbow fish, and on Friday we cut it out and added a shiny scale. The story gave us a chance to talk about sharing and being kind. On Thursday we read Chrysanthemum and talked about being kind. Then we wrote our names and counted the letters. We compared the lengths of our names. On Friday we read If You Take a Mouse to School and did an experiment with mixing baking soda and vinegar and recorded our results. We also went on a school wide scavenger hunt to get familiar with the school after reading Pete the Cat, Rocking in my School Shoes.

Just a reminder that scholars can have 2 snacks a day. It works out best for us if you put it in the front pocket.

Everyone can keep a pair of rainboots at school. They stay at school for when we have some puddles in our grassy playground. Please be sure to put a name on them.

Scholars will say memory every Friday starting August 23. I listed it below.

You are invited to worship with us on Sunday at 9:30.

Check out the tab on the school website: 2024-2025 Back to School for essential items related to the new year - **including the 2024-2025 school calendar (updated in July)**. Keep checking, as some new details may be added in the next few days.

Next Wednesday is Back to School Night for the parents of kindergarten at 6:15. I will be covering some very important information about our class. I hope everyone can make it. This event is for the parents only.

Offerings are collected every time we have a chapel service and will be added to the school's Angel Fund, which supports families in need in our school community.

Remember to check the school news letter for after school enrichment activities. There is an extra fee and you need to sign up for each activity.

Also, remember to check your car tag for your pick up line.

We are looking for School Dads (grandpas, uncles...) to join our campus Watchdog program. "WD Dads" assist with patrolling the campus as an extra set of eyes during the school day or supports large school events with extra security. **Interested "Dads," contact Bernie Palmer, who supports our campus security efforts.**

Next week:

LBH/**memory** for Friday: week 2:

1 com: You shall have no other gods.

2 com: You shall not misuse the name of the Lord your God.

Religion: creation

LA: assessments

Math: Counting 1-10 items

Science: God made us special on the outside, our 5 senses.

History: God created the world. The earth has 7 continents and 5 oceans.

In His Service,

Debbie Armstrong

OUR SAVIOR
LUTHERAN SCHOOL
