### MOORE NEWS

Welcome to the Porter Family! Jolie has joined  
our class and we are so excited! We are off to a  
good start this new semester & quarter.

Academic workload will be increasing now that  
we have spent time reviewing material covered

right before our 2 weeks off. Be sure to keep up through this newsletter and FACTS.

LIBRARY VOLUNTEERS!! If you can help in the library for our class, please let me know. We go every other week, normally from 12:20-12:50 on Tuesdays. This week is different due to the field trip.

Some things don't change because the calendar flips, like uniform policies. Be sure your scholar is in proper dress code. Don't remember it? **Check the handbook for the regular & cold weather policies and options for uniforms!**

**Healthy scholars** experience better academic success! Please encourage your scholar to stay healthy by helping them to make **healthy choices**, like choosing **healthy snacks (not candy)**, washing hands, and covering coughs. Absences make learning more difficult since much of our material is presented orally.

I hope all of you are taking advantage of the amazing opportunity that you have been gifted through the Smart Families presentations. The information is extremely valuable in understanding the mental development of your child. **The information is not just about smart phone use.** I know that I've benefitted from the information presented!

Hopefully you tried at least 1 suggestion from the list of TECH FREE activities to do with children at home over Christmas Break. If it was enjoyable, consider making a habit and tradition for your family!

**Nightly practice of Latin Vocabulary and Multiplication facts** is necessary for scholar mastery of each subject. We USE multiplication throughout our year in Math, so this needs to be automatic. Learning a new language takes constant practice.

We ALL need support navigating safely through the ever-changing technology universe! **Have you joined Parent ProTech yet?** Make sure you take advantage of this resource to aid your child(ren) as they grow up in this fast-paced, ever-increasingly dangerous, environment. See the newsletter for the link to join!

MARCH 2! Due date for History/Science Project. Details went home with your child and a

separate email will be sent concerning this project. Please be watching for it, as this project is to be a scholar-guided family learning opportunity.

## Smart Families

We invite all families to adopt four shared norms to support student well-being: prioritize family and values, delay smartphones until high school, delay social media until at least age 16, and support a phone-free school day.

**IN CASE YOU MISSED OUT ON ANY OF THE SMART FAMILIES PRESENTATIONS-**Go to the school newsletter and access the archived version.

Listening to each of them will be well worth your time!

Be sure to check into the next presentation! The link is available through the school newsletter. It is about taking control of our lives, something we can all use information about!!

**WE DID IT!!!  
WE MET OUR EAGLE FUND GOAL AND  
WILL TAKE AN EXTRA DAY OFF IN

THANK YOU!!**

### **SUMMER?!?!?!?**
